

Prevocational Training Term Description: Psychiatric Medicine – Adult Mental Health Unit

| Date of term description version | November 2023 | | | | | | | |
|--|---------------|--|--|---------------|--|-----------------------------------|--------------------------------------|--|
| Date term last accredited | November 2020 | | | | | | | |
| Term Details | | | | | | | | |
| Facility | Canb | erra Healt | h Services | | | | | |
| Term name* | Psych | niatric Med | dicine – Adult M | ental Health | Unit | Unit | | |
| Term specialty* | Psych | niatry | | | | | | |
| Term location | Canb | erra Hospi | ital | | | | | |
| Classification of clinical experience in term* | differ | Un- fferentiated illness illness | | | | Peri- operative/ procedural | Non-direct clinical experience | |
| (Highlight a maximum of 2) | | illness patient care patient care | | | e | patient care | (PGY2 only) | |
| to education program or limited ac | cess to | s learning experiences including limited access to regular within-unit learning activities or less/ e.g., relief term or nights with limited staff). | | | No | | | |
| Term duration (weeks)* 12-14 week | | | ks (depending on the term dates) | | | | | |
| Term accredited for | dited for | | | PGY1 and PGY2 | | PGY2 Only | | |
| Total number of prevocational training places | | 4 | 4 Limitations/conditions In some terms, the CRMEC will make limitations (e.g. skills mix or minimum numbers) | | There are no limitations on thi training term | | | |

| Term Supervision | | | | | | | |
|---|--|---|--|--|--|--|--|
| Term supervis discussing the documenting must complete | isor (name and position) or is responsible for conducting term orientation, PGY1/2's learning needs with them, and conducting and a midterm and end-of-term assessment. Term supervisors e mandatory training and commit to a code of conduct responsibilities. | Dr Neelam Jain – Clinical Director | | | | | |
| Clinical team supervision | Primary/Immediate Clinical Supervisor (name and position) Clinical supervisor is a consultant or senior medical practitioner (PGY3+) with experience in managing patients in the relevant discipline. They are readily accessible for support, provide education, conduct EPAs and contribute to assessment. | There are four teams with approximately 10 patients each. Current consultants are Dr Dilini Hemachandra, Dr Sharna Naughton, Dr Prakriti Jain and Dr Kevin Clarke | | | | | |

| | Position of others | cal Supervisors (positions) (PGY3+) responsible for day-day n, including after-hours supervisors. | Registrars are available to supervise during the day/all shifts. | | |
|---------------|---|---|---|--|--|
| | EPA Assessors All Clinical supervisors in this term Name and position of others (PGY3+) who have undertake EPAs including registra completed training to undertake EPA assessments. have undertaken EPA training. | | | | |
| | eam model, | Ward Based Team Based Other Each PGY doctor will be allocated to a clinical team. In this term: | | | |
| amongst the t | | JMOs are allocated to team However they do need to s Each team has a consultant JMOs are responsible for w the physical health needs of | ometimes help with t, registrar and a JMC rorking closely with th | other teams.) ne teams, they manage | |

| Commencing the Term | | | | | |
|--|---|--|--|--|--|
| Requirements for commencing the term* If there are any specific requirements (e.g., courses, procedural skills or e-learning requirements) provide details of how the prevocational doctor will receive this training/will be assessed. | Before starting the term, please review: Psychiatric history taking Knowledge of performing a mental state examination | | | | |
| Orientation Include detail regarding the arrangements for orientation to the term, including who is responsible for workplace orientation and any additional resource documents such as clinical policies and guidelines required as reference material. The term supervisor is responsible for orienting the JMO to the term requirements and clinical expectations within the first week of starting the term. | JMOs should contact and make themselves known to the AMHU reception staff who will contact Acting Assistant Director of Nursing (ADON) or the Clinical Nurse Consultants on the commencement of their term for an initial orientation. Please arrive in AMHU at 08:00 am on your first day, for a brief orientation to the unit, prior to the daily clinical meeting with the MDT at 8:30 am in the Hand-over Room opposite HDU. JMOs should also arrange a meeting with their term supervisor during the first two weeks of term to discuss expectations and goals. Please also make yourself familiar with AMHU operational procedure documentation on emergency procedures and patients going AWOL. The Adult Acute Mental Health Operations manual will provide additional information on the provision of care within the unit. Mental health specific policies and protocols will also be available on the unit and the online policy register. | | | | |

| Overview of the Unit | |
|---|--|
| The role of the unit and range of clinical services provided, including an outline of the patient case mix, turnover and how acutely ill the patients generally are | At the Canberra Hospital, mental health services are provided through the division of Mental Health, Justice Health and Alcohol & Drug Services. The services provided range from prevention and treatment to recovery and maintenance, and harm minimisation. Consumer and carer participation are encouraged in all aspects of service planning and delivery. The Division works in partnership with consumers, carers and a range of government and nongovernment service providers to ensure the best possible outcomes for clients. |
| | The unit consists of 10 High dependency beds and 30 low dependency beds. |
| | Role of Unit: |
| | To provide assessment and treatment for patients with psychiatric illness and mental dysfunction in the least restrictive environment. To provide mental health services as part of a system of care integrated with the community clinics and outreach services. To work collaboratively with patients and their families and carers. To train medical students and graduates in the assessment and management of mental illness and dysfunction. To teach nursing and allied health staff in the area of mental health. To provide timely assessments requested by the ACAT Mental Health Tribunal and Magistrates' Court. |
| Clinical responsibilities and tasks of the | |
| prevocational doctor Provide an overview of the routine duties and responsibilities | JMO Responsibilities: Attend the Daily clinical handover meeting at 08:30 am in handover room followed by ward rounds. Assisting with medical needs of teams under supervision of Psychiatry Registrars. Assessing patients when a registrar is absent for a scheduled reason (for example Wednesday afternoon training seminars or Registrars working part-time), always under the supervision of the consultant. Responsibility for individual patients, under supervision of the Registrar and Consultant when that team's Registrar is caring for an excessive caseload (e.g. > 10) or if it is deemed appropriate by consultant that the JMO be responsible for that individual patient. |

| Treatment and discharge planning - the JMO is part of the treatment planning team and expected to help ensure adequate discharge plans are in place, but ultimate responsibility is with the allocated Registrar. Discharge summaries are written by JMO and checked by the Registrar or Consultant. Emergency response - MET calls - the JMO forms a part of team response. The JMO forms part of the chain of responsibility via team Registrar to the team Consultant to the Clinical Director and should escalate issues brought to their attention in an appropriate and timely manner. Note that the JMO will assist in ensuring that all patients are medically examined at time of admission, that appropriate investigations are ordered, and any urgent medical matters of a minor nature are dealt with if requested by nursing or other staff. This may include assisting in rewriting/copying drug charts but should not include starting or changing psychotropic medications without discussion with the treating registrar or consultant. JMOs should not approve patient leave (gate leave) or discharge without discussion with the treating Registrar or Consultant. JMOs should not approve patient leave (gate leave) or discharge without discussion with the treating Registrar or Consultant. JMOs should not write outside scripts. |

| |
| Student entries must be countersigned by their supervisor. |
| |
| Mental Health Act: |
| The Registrar is generally responsible for placing detention orders or applying for treatment orders, but the JMO may assist the Registrar in |
| order to gain experience in the workings of the Mental Health Act. The |
| JMO may contribute to and occasionally present at Tribunal Hearings |
| once sufficiently familiar with the procedures. |

Т

| Work Routine Provide an overview of the work routine | Hours of Work: 8:30am - 5:00pm Presentations: Case conference – JMOs may be asked to present. Handover: At the end of term, ensure you contact the incoming JMO and orientate him/her to the ward(s)/clinics and any current inpatients. Work routine and tasks are outlined in more detail in the JMO Handbook. | | |
|--|---|--|--|
| Clinical handover procedure Provide an overview of the handover procedure and expectations in this training term | Morning handover is by way of the Daily clinical handover meeting at 08:30 am in hand-over room. Evening shift JMO starts at 1:00pm and there is an opportunity of face- to-face handover around 4:30 Night handover is at the Auditorium with MED POD 3 at 9:00pm | | |
| Safety | Occupational Violence While rare, occupational violence is a risk in all departments. JMOs should: Always maintain a clear exit path from the bedspace when seeing patients. Know how to call a code black (either through dialling '2222' from a ward phone or pressing a Code Black button) and wear appropriate duress alarms in areas where these are required. Be alert around patients who are delirious, confused or known to have previously engaged in violence. There are occasionally patients suffering from psychosis or hallucinosis. Such patients can unintentionally be frightened or violent as part of their illness. If the RMO feels endangered or threatened in any way by such behaviours, they should withdraw immediately from the patient and the issue should be raised immediately to the CNC and/or Staff Specialist on duty that day. Other OH&S and safety in pregnancy is dealt with in the JMO Handbook. The Psychiatric Medicine Unit supports Speaking Up For Safety of patients and staff. | | |
| Opportunities for Indigenous Health | Aboriginal and Torres Strait islander peoples may present as patients within this term and JMOs will be able to engage the support of the | | |

| Aboriginal Liaison Officer as required for patients and their families and |
|--|
| improve their knowledge, and skills around cultural safety. |
| |

| Term Learning Objectives List the term-specific learning objectives* | The JMO should strive to have undertaken the following by the end of the Term: | | | |
|---|---|--|--|--|
| | Clinical: Refined psychiatric history and mental state examination techniques. Diagnosed and management of common conditions presenting to hospital e.g.; schizophrenia, bipolar disorder, depression, personality disorder and anxiety. Assessed and managed patients who pose a threat to themselves and others. Understood co-morbidity (influence of alcohol and drugs or upon mental health). | | | |
| | Procedural: If possible, attended an ECT with the Registrar and observe ECT at Neurostimulation suite located in AMHU | | | |
| | Educational: Become fluent in the presentation of psychiatric cases. Become familiar with the main categories of social and psychological interventions. Become familiar with commonly prescribed psychotropics and their side effects. Become familiar with the ACT Mental Health service through communication with community teams and case managers and where possible visits to other facilities, such as Dhulwa Mental Health Unit. Participated in case conferences. Developed a working knowledge of the Mental Health Act 2015 | | | |
| Detail education and research opportunities and resources <u>specific to</u> <u>this training term</u> that will be available to the JMO during the term. Formal education opportunities should also be included in the unit timetable | General Mandatory Education All interns are expected to attend the Tuesday afternoon teaching program. This is a requirement of CRMEC. The period from 1430-1600 on Tuesdays is protected time for JMOs. RMO teaching is Thursdays 1400-1500. This is protected time for RMOs. | | | |

| | Venue and topics are confirmed by email earlier in the day. JMOs are expected to join by Microsoft Teams from UCH rather than in person. | | | | | | |
|-------------------------------------|---|---------------------------|--|------------------------|--|--|--|
| | Grand Rounds All PGY1/2 are encouraged to attend Grand Rounds on Wednesdays. There may be occasions when the Consultant/Registrar is required to present on behalf of the Unit. The JMO may be asked to assist by presenting a case prior to the registrar or consultant presentation. Term-Specific Training Regular bedside teaching. | | | | | | |

Term/Unit Timetable and Indicative Duty Roster*

Include the start time and finish times of the shifts the prevocational doctor will be rostered to. Show the activities that the prevocational doctor is expected/rostered to attend – these include all education opportunities (both training facility-wide and term specific), ward rounds, theatre sessions, inpatient time, outpatient clinics, shift handover, morning handover from hospital night team, afternoon handover to hospital's after-hours team. Please include the approximate times of activities wherever possible. If there are extended shifts or evening shifts attach four weeks of rosters for the whole team.
